## **CAMBRIA RANKED #4 IN *ENTREPRENEUR* MAGAZINE'S "HOT 500"**

### ***Magazine Features Cambria in List of Top 500 Fast-Growing Companies***

MINNEAPOLIS (August 21, 2007) Cambria, the exclusive producer of natural quartz surfaces in the United States, was ranked #4 in the 13th annual "Hot 500" issue of *Entrepreneur* magazine.

The August 2007 issue is dedicated to America's top 500 fast-growing companies and the entrepreneurs who built them. Of the initial 95,000 qualifying companies, Cambria was ranked #4. Eligible companies must have founders who are actively involved, cannot be a spin-off or subdivision of another company, show positive job growth and have sales of at least \$1 million.

"This is wonderful recognition for Cambria and a tribute to our hard working employees who have helped make our company the success it is today," said Tom Annexstad, Cambria's Senior Vice President of Sales.

Cambria is the only producer of natural quartz surfaces in the United States. It is a stain-resistant, non-porous surface that is harder, stronger and easier to care for than other countertop materials, including granite, limestone and marble. Cambria natural quartz surfaces are used for residential

and commercial applications including countertops, shower and tub surrounds, vanities and flooring.

Cambria is also certified by both NSF International as a safe surface for food preparation and is GREENGUARD Indoor Air Quality® and GREENGUARD For Children & Schools certified as the lowest-emitting type of building material – there is no safer surface available to consumers.

Cambria is available to consumers, builders, contractors, architects and designers throughout North America and the world. Cambria has operations and fabrication facilities in Minnesota, Wisconsin, Illinois, Indiana, North Carolina and Toronto.

### **About Cambria**

Cambria is a privately held, family-owned company with more than 500 employees. Headquartered in Le Sueur, Minn., Cambria is one of the few quartz surface plants in the world and the only producer of natural quartz surfaces in the United States. Cambria has a North American network of stone fabricator and installation partners that share Cambria's commitment to quality and craftsmanship. Cambria focuses on quality, innovation and growth in their respective markets. Cambria is available to consumers via retail partners throughout North America. Cambria also exports its products throughout the world. For additional information about Cambria, or to locate the closest Cambria dealer, call 1-866-CAMBRIA or visit Cambria on the web at [www.CambriaUSA.com](http://www.CambriaUSA.com).
