CAMBRIA AND ATLANTA KITCHEN, INC. FORM NEW EXCLUSIVE PARTNERSHIP

Local Company is Selected as a Preferred Cambria Lexus Partner in Georgia

MINNEAPOLIS, MINN. (June 4, 2009) – Cambria, the fastest growing quartz surfaces brand and company in North America, announced today that Decatur-based Atlanta Kitchen, Inc. is the latest Cambria fabricator business partner to be inducted into their *Lexus Partner Program*.

The *Lexus Partner Program* was designed by Cambria to further strengthen the relationships between Cambria and its fabricator partners as well as provide the highest possible service to the consumer. Atlanta Kitchen, Inc. is the ninth fabricator partner to be inducted into the program. Consolidated Kitchens & Fireplaces (Omaha, NE), Renaissance Marble & Tile (Urbandale, IA), TrendStone, LLC (Lenexa, KS), K & D Counter Tops, Inc. (Trenton, IL), StoneTrends, LLC (Chesterfield, MO), Smokey Mountain Tops (Knoxville, TN), Fine Line Pacific (Seattle, WA) and Floform Countertops (Winnipeg, Manitoba; Edmonton and Calgary, Alberta; and Regina and Saskatoon, Saskatchewan) were inducted in 2008 and 2009.

"The *Lexus Partner* designation elevates and solidifies our deep partnership with Atlanta Kitchen, Inc.," said Martin Davis, Cambria President and CEO. "This relationship demonstrates Cambria's commitment to high-quality, very capable fabricators that set the standard for delivering exceptional products and outstanding customer service."

Cambria *Lexus Partners* must meet specific criteria set by Cambria that includes sales success, exceptional quality and customer service, and a commitment to marketing the Cambria brand. In return, *Lexus Partners* enjoy unique benefits from Cambria, including a guaranteed market position through exclusive fabrication and distribution in their marketplace; and dedicated Cambria sales, marketing and training support.

"We are excited about our new *Lexus Partner* status and look forward to further promoting the Cambria brand," said Mitch Hires, co-owner of Atlanta Kitchen. "Atlanta Kitchen's *Lexus Partner* status will strengthen our relationship with Cambria and create mutual growth and success for both companies."

Cambria is sold to select fabricators across North America through a partnership model that celebrates a common vision and culture. The pinnacle of that model is the *Lexus Partner Program*, which formalizes Cambria's commitment to highly evolved fabricator business partnerships that deliver mutual success. Cambria's *Lexus Partner* fabricators are committed to innovation, hard work, are entrepreneurial-minded, and want to grow their businesses in partnership with Cambria.

As a leader in design innovation, Cambria offers more colors with unique design capabilities than any other surfacing material. Complementary colors from the Desert and Quarry collections offer unique opportunities to incorporate multiple colors on a variety of surfaces, creating more depth and character in a home. Cambria is available through builders, designers, architects and kitchen/bath retailers throughout all of North America.

Strong, Safe, Certified and Environmentally Friendly

Cambria is a stain resistant, nonporous surface that is harder, stronger and easier to care for than other stone surfaces because it does not require sealing with chemical-based conditioners, polishers or wax. Cambria is also certified by NSF International as safe for use as a food preparation surface—there is no safer surface available to consumers.

Cambria recycles and recovers 100 percent of the water used in its production processes through unique settling and filtering techniques. In addition, Cambria surfaces do not off-gas and contain

zero formaldehyde or volatile organic compounds (VOCs). Cambria surfaces have been tested for radon emissions by Air Quality Sciences, Inc. (AQS), an International Organization for Standard (ISO) 9001:2000 registered and ISO 17025 accredited Indoor Air Quality Company. Testing confirms Cambria natural quartz surfaces have no harmful emissions of any type.

Cambria surfaces are GREENGUARD for Children and Schools® certified and GREENGUARD Indoor Air Quality Certified®. Cambria may help projects achieve LEED points towards certification under various LEED Green Building Rating Systems.

Primarily made from North American quartz, and as the only producer of natural quartz surfaces in the United States, Cambria has a lower carbon footprint when compared to other quartz products that are largely produced in the Middle East, Asia and Europe and require greater transportation and carbon resources en route to market.

About Cambria

Cambria is a privately held, family-owned company with more than 600 employees. Headquartered in Le Sueur, MN, Cambria is one of the few quartz surface plants in the world and the only producer of natural quartz surfaces in the United States. Cambria has a North American network of stone fabricator and installation partners that share Cambria's commitment to quality and craftsmanship. Cambria focuses on quality, innovation and growth in their respective markets. Cambria is available to consumers via retail partners throughout North America. Cambria also exports its products throughout the world.
