CAMBRIA AND RENAISSANCE MARBLE & TILE FORM NEW EXCLUSIVE PARTNERSHIP

***Local Company is Selected as the First Preferred Cambria Lexus Partner in
Iowa***

MINNEAPOLIS, MINN. (February 3, 2009) – Cambria, the only producer of natural quartz surfaces in the U.S., announced today that Urbandale-based Renaissance Marble & Tile is the latest Cambria fabricator business partner to be inducted into their *Lexus Partner Program*.

The *Lexus Partner Program* was designed by Cambria to further strengthen the relationships between Cambria and its fabricator partners as well as provide the highest possible service to the consumer. Renaissance Marble & Tile is the seventh fabricator partner in North America to be inducted into the program. TrendStone, LLC (Lenexa, Kan.), K & D Counter Tops, Inc. (Trenton, Ill.), StoneTrends, LLC (Chesterfield, Mo.) Smokey Mountain Tops (Knoxville, Tenn.), Fine Line Pacific (Seattle, Wash.) and Floform Countertops (Winnipeg, Manitoba; Edmonton and Calgary, Alberta; and Regina and Saskatoon, Saskatchewan) were inducted in 2008.

“Renaissance Marble & Tile has been a solid, dependable Cambria partner for more than five years and has worked with Cambria to establish a deep relationship based on honesty, integrity and sound business principles,” said Martin Davis, Cambria President and CEO. “The *Lexus Partner* designation strengthens our partnership by solidifying Cambria’s commitment to

Renaissance Marble & Tile, a high-quality, very capable fabricator that continuously delivers exceptional product to the marketplace.”

Cambria *Lexus Partners* must meet specific criteria set by Cambria that includes sales success, exceptional quality and customer service, and a commitment to marketing. In return, *Lexus Partners* enjoy unique benefits from Cambria, including a guaranteed market position through exclusive fabrication and distribution in their marketplace; and dedicated Cambria sales, marketing and training support.

“Cambria has always been committed to us as a partner and they work with us as a partner,” said Pat Fisher, Owner of Renaissance Marble & Tile. “Our *Lexus Partner* status will strengthen our relationship with Cambria and create mutual growth and success for both companies.”

Cambria is sold to select fabricators across North America through a partnership model that celebrates a common vision and culture. The pinnacle of that model is the *Lexus Partner Program*, which formalizes Cambria’s commitment to highly evolved fabricator business partnerships that deliver mutual success. Cambria’s *Lexus Partner* fabricators are committed to innovation, hard work, are entrepreneurial-minded, and want to grow their businesses in partnership with Cambria.

As a leader in design innovation, Cambria offers more colors with unique design capabilities than any other surfacing material. Complementary colors from the Desert and Quarry collections offer unique opportunities to incorporate multiple colors on a variety of surfaces, creating more depth and character in a home. Cambria is available through builders, designers, architects and kitchen/bath retailers throughout all of North America.

Strong, Safe, Certified and Environmentally Friendly

Cambria is a stain resistant, nonporous surface that is harder, stronger and easier to care for than other stone surfaces because it does not require sealing with chemicals. Cambria is also certified by NSF International as safe for use as a food preparation surface – there is no safer surface available to consumers.

Cambria recycles and recovers 100 percent of the water used in its production processes through unique settling and filtering techniques. In addition, Cambria surfaces do not off-gas and contain zero formaldehyde or volatile organic compounds (VOCs). Cambria surfaces have been tested for radon emissions by Air Quality Sciences, Inc. (AQS), an International Organization for Standard (ISO) 9001:2000 registered and ISO 17025 accredited Indoor Air Quality Company. The test confirms that Cambria Natural Quartz Surfaces™ have no harmful radon emissions.

Cambria surfaces are GREENGUARD for Children and Schools® certified and GREENGUARD Indoor Air Quality Certified®. Cambria Natural Quartz Surfaces™ may help projects achieve LEED points towards certification under various LEED Green Building Rating Systems.

Primarily made from North American quartz, and as the only producer of natural quartz surfaces in the United States, Cambria has a lower carbon footprint when compared to other quartz products that are largely produced in the Middle East, Asia and Europe and require greater transportation and carbon resources in route to market.

About Cambria
