## **CAMBRIA INTRODUCES NEW LIFETIME LIMITED WARRANTY FOR ITS NATURAL QUARTZ SURFACES**

***Cambria is the Only Quartz Surfacing Producer to Offer a Lifetime Limited  
Warranty for Both Residential and Commercial Applications***

**MINNEAPOLIS, MINN. (September 15, 2008)** – Cambria, the only producer of natural quartz surfaces in the U.S., is now also the only quartz surfacing company to provide a Lifetime Limited Warranty for all of its product applications in residential and commercial settings. The new warranty, which replaced Cambria’s previous 10-Year Limited Warranty effective August 1, 2008, covers manufacturing defects of all installed Cambria Natural Quartz Surfaces<sup>™</sup> for as long as the original owners own the product.

“Cambria is proud to be the only quartz surfacing company to provide a Lifetime Limited Warranty for both residential and commercial applications,” said Peter Martin, Director of Marketing and Core City Sales. “Cambria’s state-of-the-art production processes and rigorous quality assurance practices ensure that Cambria consumers can be confident that our product will remain beautiful and durable for as long as they own their homes and businesses.”

Additional detail about Cambria’s new Lifetime Limited Warranty can be found online at [www.CambriaUSA.com](http://www.CambriaUSA.com).

As a leader in design innovation, Cambria offers more colors with unique design capabilities than any other surfacing material. Complementary colors from the Desert and Quarry collections offer unique opportunities to incorporate multiple colors on a variety of surfaces, creating more depth and character in a home. Cambria is available through builders, designers, architects and kitchen/bath retailers throughout all of North America.

### **Strong, Safe, Certified and Environmentally Friendly**

Cambria is a stain resistant, nonporous surface that is harder, stronger and easier to care for because it does not require sealing with chemicals like other natural stone surfaces. Cambria is also certified by NSF International as safe for use as a food preparation surface – there is no safer surface available to consumers.

Cambria recycles and recovers 100 percent of the water used in its production processes through unique settling and filtering techniques. In addition, Cambria surfaces do not off-gas and contain zero formaldehyde or volatile organic compounds (VOC's). Cambria surfaces have been tested for radon and radiation emissions by Air Quality Sciences, Inc. (AQS), an International Organization for Standard (ISO) 9001:2000 registered and ISO 17025 accredited Indoor Air Quality Company. The test confirms that Cambria Natural Quartz Surfaces™ have no emissions.

Cambria surfaces are GREENGUARD for Children and Schools® certified and GREENGUARD Indoor Air Quality Certified®. Cambria Natural Quartz Surfaces™ may help projects achieve LEED points towards certification in the Indoor Environmental Quality category and/or the Materials and Resources category of various LEED Green Building Rating Systems.

Primarily made from North American quartz, and as the only producer of natural quartz surfaces in the United States, Cambria has a lower carbon footprint when compared to other quartz products that are largely produced in the Middle East, Asia and Europe and require greater transportation and carbon resources in route to market.

### **About Cambria**

Cambria is a privately held, family-owned company with more than 600 employees. Headquartered in Le Sueur, Minn., Cambria is one of the few quartz surface plants in the world and the only producer of natural quartz surfaces in the United States. Cambria has a North American network of stone fabricator and installation partners that share Cambria's commitment to quality and

craftsmanship. Cambria focuses on quality, innovation and growth in their respective markets. Cambria is available to consumers via retail partners throughout North America. Cambria also exports its products throughout the world. For additional information about Cambria, or to locate the closest Cambria dealer, call 1-866-CAMBRIA or visit Cambria on the web at [www.CambriaUSA.com](http://www.CambriaUSA.com).
