

## **Cambria Teams with Minnesota Timberwolves to Develop "Club Cambria"**

*Quartz countertop producer will sponsor new ultra-hip lounge at the Target Center*

Le Sueur, Minn. - (August 16, 2004) Cambria, the only producer of quartz surfaces in the United States, announced today its alliance with the Minnesota Timberwolves. The two organizations will collaborate to produce a new upscale lounge at the Target Center in Minneapolis.

The renovation project, set to commence this week, will combine eight existing suites at the Target Center into one luxury suite, complete with lavish stadium style seating and Cambria natural quartz countertops, bar tops, table tops and wall cladding. The lounge will be disclosed to the public at the Timberwolves opening game against the New York Knicks on November 3rd.

"We are very excited to be working with such a dynamic organization as the Minnesota Timberwolves," says Cambria general manager, Marty Davis. "The T-Wolves are a strong club, and continually draw powerful and influential fans into the Target Center from all over the country. The new lounge will provide a magnificent treat for season ticket holders. It can only add to the successes of both Cambria and the Timberwolves," says Davis.

Cambria offers the beauty and feel of granite, another natural stone countertop, but with superior performance. It is care free – no sealing or ongoing maintenance. Cambria is non-porous making it resistant to staining, and it's certified by the National Sanitation Foundation International, there is no safer surface for food preparation.

### **About Cambria**

Founded in 2001, Cambria is the only producer of quartz surfaces in the United States. Headquartered in Le Sueur, Minnesota, the 150,000 square foot production plant produces 225 tons of quartz surface a day and is one of few quartz producing plants in the world. All of the water in Cambria's plant is recycled on-site. Less than two percent of the water is lost to evaporation during each production cycle. Cambria-owned fabrication facilities are located in Minneapolis, Chicago, Atlanta and Indianapolis, in addition to a nationwide fabricator network that share the same quality and craftsmanship standards. Cambria has more than 300 employees. For additional information call 1-866-CAMBRIA or visit our website [www.CambriaUSA.com](http://www.CambriaUSA.com).
