

# 10th anniversary idea house

10th anniversary idea house

The beauty's in the details in the guest bath. Pewter nautical cleats take the place of standard hardware, and brass fixtures illuminate mirrors mounted over a custom vanity. Even the flooring and countertops are unusual: Mosaic tiles form a subtle geometric pattern, and the counter is composed of a nonporous quartz material perfect for high-splash zones. Nearby, a woven-wood Roman shade ensures privacy from neighbors while filtering light.

Sink base: J. Tribble Antiques. Floor tile: Mohawk. Countertop: Cambria. Fixtures: Moen. Window: JELD-WEN. Paint: Valspar.
