Le Sueur, MN (October 16, 2025) — [Cambria](#) is the leading producer of American-made quartz surfaces and the first quartz surfaces brand to exhibit at High Point Market, the world's largest home furnishings trade show. The 2025 Fall Market will be Cambria's third time presenting its stunning quartz designs and cutting-edge applications to interior designers and trade professionals.

Exhibiting in a new location at InterHall on the first floor of the IHFC building, Cambria will showcase over 100 of its quartz designs, including its four latest releases: serenely flowing Traymore Bay™, bold St. Isley™, elegant Claremont™, and understated but unforgettable Kenwood™.

Combining emotional connection with cutting-edge technology, these releases mark a new chapter in quartz innovation—crafted for how we live now.

In addition, the brand will display applications and fabrications well beyond kitchen and bath countertops to spark visitors' imaginations about the breadth of design possibilities Cambria natural quartz surfaces offer.
